

Abdus Sattar

FULL STACK WEB DEVELOPER

SUMMARY

Full-stack software developer with a strong background in building scalable web applications for mid-sized companies. Proficient in all aspects of the software development lifecycle and skilled in end-to-end project management, from development to delivery. I've gained extensive experience working remotely and asynchronously with developers from different countries on several real-world projects, such as building a weather app with APIs and a live chat application with web sockets. My unique combination of technical skills and experience in a high-stress environment sets me apart from other developers. I am seeking opportunities to apply my skills and continue growing as a developer. Let's work together to create innovative solutions and drive success.

EXPERIENCE

MICROVERSE, *Remote*

Mentor (Volunteer), January 2023– present

- Mentoring multiple junior web developers, and providing technical support through many code reviews.
- Proposing improvements to code organization to improve code quality and overall performance.
- Providing advice and tips on maintaining motivation to maintain longevity in the program.

Bangladesh Rural Electrification Board, Dhaka, Bangladesh

Line Technician, June 2008 – December 2021

- Filling my communication and problem-solving skills in a high-stress, fast-paced environment.
- Reduced time and cost on maintenance services by task prioritization and concise scheduling.
- I achieved the best employee award three times for maintaining a good relationship with customers and for Technical skills.

EDUCATION

MICROVERSE, January 2023– present

Remote Full Stack Web Development Program, Full Time

- Spent 700+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.
